Information on Temporary Emergency Surcharges Update for Week 13

Dear Sir or Madam,

we would like to inform you about the current surcharges effective from March 23, 2023.

Bunker (BAF)

The regular BAF surcharge according to the GUT scale is at level 37 in March 2026.

Bunker-level	20' empty	20' full	40' empty	40' full
37	56,61 €	85,10 €	80,29 €	122,84 €

Temporärer Emergency-BAF

in addition, an **Emergency BAF** is charged, which is reviewed weekly and adjusted accordingly.

For inland waterway shipments in the period **from March 23, 2026** up to and including **March 29, 2026**, the following **temporary Emergency BAF** surcharge applies:

20' empty	20' full	40' empty	40' full
14,00 €	23,00 €	19,00 €	30,00 €

The decisive factor for the calculation is the departure date of the inland vessel from Gernsheim or from the respective seaport.

Emergency Diesel Surcharge (Truck)

For truck transport, we continue to charge an additional temporary **Emergency Diesel Surcharge** of a flat rate of EUR 5.00 per trip.

Rail Transport

The current market situation in the rail segment is still being analyzed.
If any adjustments become necessary, we will of course inform you in due time.

We continue to closely monitor the development of fuel prices and will regularly review the surcharges in line with market trends.

The remaining existing surcharges will initially remain unchanged.

We thank you for your understanding and support and look forward to continuing our trusted cooperation.

Kind regards,

Your GUT Gernsheim Team
